GLOBAL HEALTHSPAN POLICY INSTITUTE

Hello,

This week we learn about new research showing how a drug cocktail could reverse aging, The Buck Institute earns a major new research grant and we get a recap of the UC Berkely Aging Research and Technology Summit.

Additionally, we want to congratulate GHPI Advocate Beverlye Hyman Fead, who was recently honored by the Alliance for Aging Research!

Before you go, don't forget to check out the list of upcoming conferences and events in the world of aging research. You'll see events updated every week, so keep checking in!

Are you part of a health or life extension research organization? Our coalition has grown to over 90 member groups, including 25 major US organizations and 16 major international groups. We hope your organization will be next! Check below to find a link to join our coalition quickly and easily.

All this and more this week. Join us as we move forward into another exciting month of incredible opportunities in this burgeoning and revolutionary field.
