# GLOBAL HEALTHSPAN POLICY INSTITUTE

Hello,

This week we hear major news from GHPI Fellow and Policy Director, Ilia Stambler. We'll also learn about the 2020 vision for the National Institutes on Aging.

We also learn about new studies on the ways dairy products may impact aging and why some people look their age, while others can appear much younger.

Before you go, don't forget to check out the list of upcoming conferences and events in the world of aging research. You'll see events updated every week, so keep checking in!

Are you part of a health or life extension research organization? Our coalition has grown to over 90 member groups, including 25 major US organizations and 16 major international groups. We hope your organization will be next! Check below to find a link to join our coalition quickly and easily.

All this and more this week. Join us as we move forward into another exciting month of incredible opportunities in this burgeoning and revolutionary field.

Edwina Rogers, CEO  
Global Healthspan Policy Institute

## GHPI Coalition Grows to Over 90 Members

Our coalition includes 25 major US organizations and 16 major international

## UNESCO Executive Committee on Anti-aging and Disease Prevention Established

GHPI Fellow and Policy Director Ilia Stambler has shared important news on the establishment of this groundbreaking new committee

## We're Bringing the Best Research in the World to Congress - and Your Donations Are The Fuel To Our Fire!

With your help, we're bringing the vision of a world without the spectre of diseases like cancer, heart disease, and Alzheimer's one step closer to reality each and every day. Our team works closely with industry leaders from sectors as far-reaching as biotechnology to gene therapy to pharmaceuticals and beyond – uniting our members under a common, core mission to benefit the public trust.

## All Call For Volunteers For Healthier, More Productive Years of Life!

What if the US Congress took the lead funding healthspan research? Or by removing barriers to treatments to new therapeutics that can prevent diseases like cancer?

For the first time governments seem to be listening -- and you can help!

GHPI needs volunteers to engage with the public and ally nonprofit groups around the world.
