Hello,

This week we learn how more schooling can help us live longer, about new funding opportunities for AI projects from the NIA, and we learn more about longevity science with GHPI Fellow Dr. Nir Barzilai.

Additionally—we hope you can come to the 2024 Livelong Summit, where I'll be speaking, along with GHPI Fellows Dr. David Sinclair and Dr. Brian Kennedy.

Are you part of a health or life extension research organization? Our coalition has grown to over 90 member groups, including 25 major US organizations and 16 major international groups. We hope your organization will be next! Check below to find a link to join our coalition quickly and easily.

All this and more this week. Join us as we move forward into another exciting month of incredible opportunities in this burgeoning and revolutionary field.
